

Dakota Territorial Museum Receives Dakota Collections Care Initiative Grant

We are pleased to announce that the Dakota Territorial Museum received a grant that will bring a Collections Conservator to the Museum for ONE WEEK! The first two days Museum staff will spend one on one with the Conservator identifying and working with our specific collection and addressing conservation needs. The remaining three days of the weeklong visit will be hands-on seminars that will be open to the public and geared towards other staff and volunteers in and around the Yankton community that oversee other historic collections. All Dakota Territorial Museum staff and volunteers will have the opportunity to attend these seminars.

If you wish to know more about conservation of historic pieces and if you are interested in participating in this free seminar opportunity, feel free to contact Crystal Nelson at (605) 665-3898. We are very excited about this opportunity to continue to improve our collections care at the Museum. Seminar dates are August 15th-17th. More information to follow when available from the DCCI group.
